

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 92-046-E - ORDER NO. 92-13 ✓
JANUARY 15, 1992

IN RE: Contract Between South Carolina) ORDER
Electric & Gas Company and Owen) APPROVING
Electric Steel Company.) CONTRACT

On November 7, 1991, South Carolina Electric & Gas Company (SCE&G) submitted to the Public Service Commission of South Carolina (the Commission) for approval a contract between itself and Owen Electric Steel, pursuant to Regulation 103-303.

The contract is an interruptible service agreement for a delivery voltage of 230 KV and includes a contract demand of 50,000 KW between the Company and Owen Electric Steel Company of South Carolina. SCE&G does not have an available rate schedule that is appropriate for this service. SCE&G does not anticipate a requirement to make this a generally available rate schedule, due to the uniqueness of the service characteristics required.

A review of the contract reveals that the contract is reasonable as to both parties in the opinion of this Commission and it is the opinion of this Commission that the contract should be approved.

IT IS THEREFORE ORDERED:

1. That the contract between SCE&G and Owen Electric Steel is hereby approved for service on and after February 1, 1992.

2. That this Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

Chairman

ATTEST:

Executive Director
